"I like when you see me somewhere with piercings and tattoos out..."

"I didn't know you looked queer..."

I remember... the power of how I choose to be perceived.

...Do I fly under the radar?

It sucks when they perceive me incorrectly.

...and that has honestly nothing to do with me"

(KG, 2024).

"I consider myself to be a growth mindset person.

I was into my thirties before I started identifying as queer.

I knew that I was gender nonconforming.

...But I also didn't really think of that as queer.

I just thought of that as being a tomboy...but I never grew out of it.

I was exposed to more language through the library.

...I still feel like... am I trans enough?

I'm like slowly on my way to getting past that

I do think of myself as more in the gray area

... and I don't fit nicely into boxes" (FO, 2025)

"never stop fighting....if we can get the young people to vote... who aren't afraid to have stances on human rights...we could be somewhere good"

(KG, 2025)
