Phew --- I am in San Francisco and a calendar reminder popped up -- I was terror-stricken for a moment :)

Hello all -

I apologize if I have dropped the ball, forgotten, or misplaced the notes that would answer the following question.

Typically, ahead of our events, I send a little bit of something for those who have registered to read, or review, or just have as a reminder that there is something coming up. Do we have something like that I can send on Monday?
