2024 NEA Program schedule.pdf;

Then this went to those who we had marked as not attending. Some replied that that would be there.

We made notes to put these folks on certain teams and some also self-advocated a bit and texted other facilitators during the actual process.

Subject: NEA Facilitator Planning Meeting - Follow up

Hi all. This is a follow up to the email that was just shared with everyone about our team scheduling. During our planning time, Vanessa Pulkrabek and I will be leading the group through team creation and would like to make sure we don't miss the availability and interests of those that can't attend. If you are **not** going to be in attendance, please share all of the program dates that you are available for and your interest level in each.

Please reply to just Vanessa and I so that we are able to track what you share.

If you have any questions, please let us know.

Subject: NEA Facilitator Planning Meeting

Hi everyone. As we all look forward to our planning time together in Austin, it may be helpful for you to have some information on how our teams will be formed and what you can do to help that process.

Prior to day 2 of our planning meeting (Wednesday, June 5), take a look at the different programs that we are offering this year, the descriptions and dates.

What will help you:

1. Know which programs will work with your schedule (as best as you can at this point).
2. Know which programs you are interested in being a facilitator on and the ones that rise to the top of your interest level.

If all goes well, everyone will be facilitating on 2 teams and also as an alternate on at least 1 team by the end of our planning. Attached is the draft calendar that Ellen has previously shared in our SharePoint site including brief descriptions of the programs for you to reference.

Looking forward to seeing all of you and safe travels!
